Brandguide

About Peak Ace

Founded in 2007, Peak Ace AG is a digital marketing agency headquartered in Berlin, Germany. With more than 170 employees across its offices in Berlin, Paris and Nantes, the agency implements campaigns in over 25 languages at native speaker level.

Delivering unique digital experiences is at the core of Peak Ace's mission. Whether you require paid advertising (PPC), organic search (SEO), content marketing, or marketing technology services, Peak Ace is a leading expert in delivering customisable, tailored solutions for its clients. In this ever-changing landscape, the agency's digital strategy and AI solutions services enable it to leverage its cross-channel competences for its clients and achieve maximum efficiency in the process.

Uncompromisingly technology-driven, Peak Ace is a favourite among its high-profile clients and within the marketing industry itself. In 2023, Peak Ace was named SEO Agency of the Year at the European Agency Awards and Multi-Territory Agency of the Year, among other wins from various awards bodies on a national and international level. Peak Ace's remarkable working environment and ethos has also been commended multiple times, receiving a Global Agency Award for Best Agency Culture. The company boasts innovative, multi-award-winning campaigns, honoured with titles including Most Innovative Campaign, Best Pan European Campaign and Best Use of Search on both the national and global level.

Working closely with world-renowned brands such as, Airbnb, TUI, Sage, AutoScout24 and Luxair, Peak Ace has established itself as a confident market-leader thanks to its dedication to consistently delivering excellence.

Gradient

Mesh Gradient

Four colours in four corners. Highlight is the Peak Ace blue in the top left corner.

The mesh gradient enables areas to be visually highlighted.

Use the mesh gradient for backgrounds, dynamic compositions and bold visual-statements.

It's an important element for the visual highlighting of hero-images too.

Important: The mesh gradient should not be cropped. All four colours should be visible at all times.
